

## Employee Schedule

The employee schedule gives you a quick overview of an employee's work schedule and scheduled absences (paid and unpaid). The schedule is used to review and add schedules for employees. If the employee diverges from his or her schedule, exceptions appear on the time card, indicating a potential issue.

The calendar view is intuitive; it makes it easy to quickly understand the employee's schedule:

- The schedules with  are created by schedule patterns.
- The schedules with  are company holidays.
- Schedules with  are scheduled benefits. This means the employee is scheduled for a paid absence such as a vacation or sick day.
- Days marked Off are unpaid days off.

## Adding Schedules
